

TOM FINK

Camp Hill Borough Council Candidate

tomfink4camphill@gmail.com

I have lived in Camp Hill Borough for 16 years. I am a semi-retired doctoral-level psychologist who until recently also conducted my psychological practice in the Camp Hill area. Due to threats, we have experienced to our democracy in the last few years, I have felt compelled to become involved in local and state politics. I have served as co-chair of the Camp Hill Democrats, continue to work with various subcommittees of this organization, and recently was elected to the Pennsylvania State Democratic Committee. In this capacity, I represent Cumberland County and serve on the Progressive and Disability Caucuses.

My professional practice of psychology has included providing services to a variety of institutional and community organizations, as well as conducting a private practice specializing in medical rehabilitation and general mental health issues. I continue to consult, research, and write about mental health problems. Personally, I am the step-father to three girls and grandparent to four young adults. I have a strong investment in helping to maintain our democracy for future generations.

I welcome the opportunity to serve on the Camp Hill Borough Council and will work to continue the dynamic leadership we have witnessed from the current Council. In particular, I am interested in environmental issues, which I believe necessitate local, community-level involvement. I also would work to continue ongoing community engagement and dialogue, maintain proper community policing and safety, and support openness and transparency in our Borough Council's actions.
