717-443-3711

Hello, my name is Rich Forsman and I'm running to be your elected representative on the Camp Hill Borough Council. I've been a resident of the borough since 2003. In that time, I've raised two children in the district.

Professionally, I've worked for the same company since 1999 as an IT Network Engineer. When I moved here twenty-two years ago, I became the dedicated on-site engineer for a new customer, and they have since become one of my company's longest standing customer contracts. I was fortunate that position brought my family to Camp Hill.

For much of my life I've been a passive participant in our local and national elections. I always showed up to the polls and cast my vote, but beyond that I convinced myself that I was too busy working and raising my family to dedicate a significant portion of my time to anything else. I'm an empty nester now, so I decided to get more involved in the community. Over this past year I took a very active role in politics and the political campaigns of both federal and local candidates.

As a longtime resident of Camp Hill, I'd be honored to give back and serve this community as your representative. If elected, I consider it my duty to be a worthy steward of our borough's tax dollars and will continue with the good work our council is already doing. Additionally, I will support the community values that I share, such as:

- Maintaining and improving our parks and green spaces,
- Supporting our small businesses, and
- Providing a clean and safe environment to raise our children.

Thank you for this opportunity to introduce myself. I vow to do my best to make decisions in the best interests of the residents of this community.
