**Interested in DEEP CANVASSING?** Deep canvassing is the most effective form of voter persuasion that's ever been measured. It's based on approaching people authentically, and connecting through telling and eliciting stories. If you are interested in getting involved in deep canvassing in the Harrisburg area, or sprucing up your deep canvassing skills, check out **Changing The Conversation:** [www.ctc4progress.org](http://www.ctc4progress.org).

***Thank you for your activism and dedication to saving our democracy! Stay warm and safe, and we'll see you in January!***
